EXPERIENCE

Software Developer Intern - Skill Sharp 365 Innovation (Startup)

July-Dec

Role - Software Developer Intern

Remote

- Working on real-world projects involving full-stack web development.
- Collaborating with team members to design, develop, and test application features.
- Gaining hands-on experience in developing, integrating, and deploying web-based applications.

EDUCATION

R. C. Patel Institute of Technology, Shirpur (RCPIT)

2025

B.Tech - Computer Science and Engineering

Shirpur, Maharashtra

PROJECTS

E-commerce website | React, Tailwind CSS, Nodejs, express, mongoDB, AWS

Sep 2024

- Spearheaded the development of a full-stack e-commerce platform, utilizing MERN stack technologies to deliver a responsive and intuitive shopping experience.
- Developed key features, including user authentication, product catalog management, order tracking, and a secure shopping cart.
- Optimized the platform for scalability and performance, ensuring fast load times and smooth functionality across devices.

Task Management System | HTML, CSS, JavaScript, React, AWS

April 2025

- Developed a responsive and interactive task management web application using React to streamline daily task organization and productivity.
- Implemented user authentication and authorization to allow secure login and personalized task management.
- Built core functionalities including task creation, editing, deletion, completion tracking, and dynamic filtering for an efficient workflow.
- Designed a clean, mobile-friendly UI using modern CSS and React components, ensuring smooth user experience across all devices.

E-Learning Platform | React, Tailwind CSS, AWS

June 2024

- Designed and developed a responsive e-learning platform using React and Tailwind CSS, providing users with an interactive and engaging learning experience.
- Built dynamic components for course listings, detailed course pages, lesson progress tracking, and quizzes to enhance user engagement.
- Implemented client-side routing and state management for smooth navigation and real-time progress updates.
- Optimized the user interface for accessibility and performance, ensuring seamless functionality across all devices and screen sizes.

TECHNICAL SKILLS

Languages / Databases: HTML, CSS, JavaScript, MySQL, MongoDB, Python
Libraries / Frameworks: React.js, Tailwind CSS, Node.js, Express.js, Next.js, Django
DevOps / Tools: Git, GitHub, AWS, Postman, VS Code

CERTIFICATIONS

- Introduction to Web Development with ChatGPT – Simplilearn
- Python Fundamentals – Great Learning
- Blockchain Technology – Reliance Foundation
- Getting Started with AWS – Simplilearn

EXTRACURRICULAR

- Solved 250+ Coding problems on CodeChef.
- Participated in college-level coding competition focused on real-world problem solving using web technologies.
